* LHS suffered from theft and vandalism over the weekend. At least 1 arrest has been made with a hope of several to come. Damage was found in the cafeteria, media center, and football locker room. All stolen items have been returned. After the theft 16 cameras were out, now we’re down to 3. The images recovered were too dark due to the 2:45am time frame.

* The state comes November 18th. We have hired a new literacy coach. We are still waiting on school grades and what is the new “level 3” for the FCAT. Students must score a 3 or about to graduate. Other factors included ACT, SAT, and EOCs.

* We have $3,100 in our account.

* Some fundraising ideas included: % of proceeds from Tijuana Flats on Tuesday nights. McDonald’s is known to give a % of profits if we work. Ramshackles may also work. We need to have a united effort with public relations and sponsorship with the County. How much needs to be raised; How much does the SAC want/need to spend in a year; and what does the committee want to pay for. Can people donate their time, labor and or skills for things like projector mounting in lieu of money?

* The SAC’s focus should not be all about money. The group’s purpose is to oversee the School Improvement Goal.

* Next meeting will be December 8th, 2011. 6:45am in cafeteria.
