

## FINANCIAL STATEMENTS WITH INDEPENDENT AUDITOR'S REPORTS THEREON

**JUNE 30, 2018** 

#### **CONTENTS**

	<u>Page</u>
Management's Discussion and Analysis	1 - 7
Independent Auditor's Report on Basic Financial Statements and Supplementary Information	8 - 9
Basic Financial Statements:	
Statement of Net Position Statement of Activities Balance Sheet – Governmental Fund Reconciliation of the Governmental Fund Balance Sheet to the Statement of Net Position Statement of Revenues, Expenditures and Changes in Fund Balances – Governmental Funds Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances of Governmental Funds to the Statement of Activities Notes to Financial Statements	10 11 12 13 14 15 16 - 24
Required Supplementary Information:	
Budgetary Comparison Schedule – General Fund	25
Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards	26 - 27
Additional Information Required by Rules of the Auditor General, Chapter 10.850, Audits of Charter Schools and Similar Entities, Florida Virtual School, and Virtual Instruction Program Providers:	
Management Letter	28 - 30

#### MANAGEMENT'S DISCUSSION AND ANALYSIS

The discussion and analysis of Alee Academy, Inc.'s (the "School") financial performance provides an overall review of the School's financial activities for the fiscal year ended June 30, 2018. The intent of this discussion and analysis is to look at the School's financial performance as a whole. Readers should also review the basic financial statements and the notes to financial statements to enhance their understanding of the School's financial performance.

#### FINANCIAL HIGHLIGHTS

- The School's total net position increased compared to the prior year.
- For the fiscal year ended June 30, 2018, the School's revenues exceeded expenses by \$17,215. This is a decrease from the prior year, when revenues exceeded expenses by \$165,981.
- Overall, revenues decreased by approximately \$157,000, which was an 8% decrease from the prior year.
- Overall, expenses decreased by approximately \$8,000, which was a less than 1% decrease from the prior year.
- Total assets were \$1,507,651 and total liabilities were \$1,064, resulting in net position of \$1,506,587 as of June 30, 2018.

#### **OVERVIEW OF THE FINANCIAL STATEMENTS**

This annual report consists of three parts – management's discussion and analysis (this section), the basic financial statements and required supplementary information. The basic financial statements include two kinds of statements that present different views of the School:

- The first two statements are *government-wide financial statements* that provide both long-term and short-term information about the School's overall financial status.
- The remaining statements are fund financial statements that focus on individual parts of the School, reporting the School's operations in more detail than the government-wide statements.
  - The *governmental funds* financial statements tell how general school services were financed in the short term, as well as what remains for future spending.

The financial statements also include *notes* that explain some of the information in the financial statements and provide more detailed data. The statements are followed by a section of *required supplementary information* that further explains and supports the information in the financial statements.

This document also includes the independent auditor's report on internal control over financial reporting and on compliance and other matters based on an audit of financial statements performed in accordance with *Government Auditing Standards*, as well as the management letter required by the Rules of the Auditor General, Chapter 10.850.

The following table summarizes the major features of the School's financial statements, including the portion of the School they cover and the types of information they contain. The remainder of this overview section of management's discussion and analysis explains the structure and contents of each of the statements.

		Fund Statements
	Government-wide Statements	Governmental Funds
Scope	Entire School	The activities of the School that are not proprietary or fiduciary
Required financial statements	Statement of net position Statement of activities	Balance sheet – governmental funds Statement of revenues, expenditures and changes in fund balances – governmental funds
Accounting basis and measurement focus	Accrual accounting and economic resources focus	Modified accrual accounting and current financial resources focus
Type of asset/liability information	All assets, deferred outflows of resources, liabilities and deferred inflows of resources, both financial and capital, and short-term and long-term	Only assets/deferred outflows of resources expected to be used up and liabilities/ deferred inflows of resources that come due during the year or soon thereafter; no capital assets included
Type of inflow/outflow information	All revenues and expenses during the year, regardless of when cash is received or paid	Revenues for which cash is received during or soon after the end of the year; expenditures when goods or services have been received and payment is due during the year or soon thereafter

#### **Government-wide Financial Statements**

The government-wide financial statements report information about the School as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes all of the School's assets, deferred outflows of resources, liabilities and deferred inflows of resources. All of the current year's revenues and expenses are accounted for in the statement of activities, regardless of when cash is received or paid.

The two government-wide financial statements report the School's net position and how it has changed. Net position – the difference between the School's assets and deferred outflows of resources, and its liabilities and deferred inflows of resources – is one way to measure the School's financial condition. Over time, increases or decreases in the School's net position are an indicator of whether its financial condition is improving or deteriorating, respectively. To assess the overall health of the School, one needs to consider additional nonfinancial factors such as changes in the School's student base, the quality of the education and the safety of the School.

The government-wide financial statements of the School are generally divided into three categories:

- Governmental Activities most of the School's basic services are included here, such as instruction and school administration. Funds received through the Florida Education Finance Program ("FEFP") and state and federal grants finance most of these activities.
- <u>Business-type Activities</u> in certain instances, the School may charge fees to help it cover the costs of certain services it provides. The School currently has no business-type activities.
- <u>Component Units</u> there currently are no component units included within the reporting entity of the School.

#### **Fund Financial Statements**

The fund financial statements provide more detailed information about the School's most significant funds, not the School as a whole. A fund is a self-balancing set of accounts which the School uses to keep track of specific sources of funding and spending for particular purposes. Some funds are required by state law, and the School may establish other funds to control and manage money for particular purposes, such as for federal grants.

The School has one type of fund:

Governmental Funds – most of the School's basic services are included in governmental funds, which focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental funds statements provide a detailed short-term view that helps one determine whether there are more or fewer financial resources that can be spent in the near future to finance the School's programs. Because this information does not encompass the additional long-term focus of the government-wide statements, we provide additional information on the subsequent page that explains the differences between them.

#### FINANCIAL ANALYSIS OF THE SCHOOL AS A WHOLE

#### **Net Position**

The School's combined net position as of June 30, 2018 and 2017 is summarized as follows – see table below.

	Government	Increase	
	2018	2017	(Decrease)
Current and other assets	\$ 358,594	\$ 658,058	-46%
Capital assets, net	1,149,057	1,221,917	-6%
Total assets	1,507,651	1,879,975	-20%
Current and other liabilities	1,064	3,144	-66%
Long-term liabilities		387,459	-100%
Total liabilities	1,064	390,603	-100%
Net position:			
Net investment in capital assets	1,149,057	834,458	38%
Restricted	950	225,479	-100%
Unrestricted	356,580	429,435	-17%
Total net position	\$ 1,506,587	\$ 1,489,372	1%

The decrease in current and other assets and long-term liabilities is primarily due to the current year payments on long-term liabilities. The decrease in net capital assets is due to current year depreciation expense. The increase in net investment in capital assets is due to the School paying off the debt associated with the capital assets in the current year. The decrease in restricted net position is due to a decrease in the restriction for the debt service - savings account as the School paid off the mortgage note payable at year-end which released those funds from restriction. The total net position increased due to the School's current year operating surplus and the activity noted above.

#### **Change in Net Position**

The School's total revenues decreased by 8% to \$1,777,088, and the total cost of all programs and services decreased by less than 1% to \$1,759,873 – see table below.

	Governmen	Increase		
	2018	2017	(Decrease)	
Revenues:				
State and local sources	\$ 1,753,942	\$ 1,903,837	-8%	
Contributions and other revenue	23,146	29,993	-23%	
Total revenues	1,777,088	1,933,830		
Expenses:				
Instruction and instruction-related				
services	858,102	876,403	-2%	
Board	10,450	23,250	-55%	
General administration	78,237	77,318	1%	
School administration	406,423	404,101	1%	
Fiscal services	14,714	13,466	9%	
Student transportation services	170,204	159,549	7%	
Operation and maintenance of plant	203,790	186,599	9%	
Interest	17,953	27,163	-34%	
Total expenses	1,759,873	1,767,849	0%	
Change in net position	\$ 17,215	\$ 165,981	-90%	

State and local sources revenue decreased due to a decrease in student enrollment in the current year. Contributions and other revenue decreased due to less amounts received from sponsors during the fiscal year.

Board expenses decreased due to a decrease in legal fees. Fiscal services increased due to an increase in accounting service fees. Student transportation services increased due to an increase in transportation costs. Operation and maintenance of plant expenses increased due to an increase in non-capitalized equipment purchases and insurance costs in the current year. Interest decreased due to the School paying off the mortgage note payable in the current year.

#### FINANCIAL ANALYSIS OF THE SCHOOL'S FUNDS

As the School completed the period, its governmental fund reported a fund balance of \$357,530. Overall, revenues and expenditures changed for the same reasons described above.

#### **General Fund Budgetary Highlights**

Over the course of the year, the School revised its operating budget to account for the changes in student enrollment and resulting increases in appropriations.

For the year ended June 30, 2018, actual revenues were approximately \$155,000 above the budgeted revenues, primarily due to higher than expected enrollment. Actual expenditures were approximately \$311,000 above the budgeted expenditures, primarily due to the administrative fee paid to the School Board not being budgeted and the payoff of the mortgage note payable before the maturity date.

#### CAPITAL ASSET AND DEBT ADMINISTRATION

#### **Capital Assets**

The School's investment in capital assets at the end of fiscal 2018 amounts to \$1,149,057 (net of accumulated depreciation). See table below:

	Government	Increase	
	2018	2017	(Decrease)
Land	\$ 305,395	\$ 305,395	0%
Buildings and improvements	1,655,971	1,655,971	0%
Land improvements	46,166	46,166	0%
Furniture, fixtures and equipment	429,581	429,581	0%
Motor vehicles	156,129	156,129	0%
Less accumulated depreciation	(1,444,185)	(1,371,325)	-5%
Total capital assets, net	\$ 1,149,057	\$ 1,221,917	-6%

There were no capital asset additions or disposals during the current year.

More detailed information about the School's capital assets is presented in Note 2 to the financial statements.

#### **Long-term Debt**

As of June 30, 2018, the School had a zero balance outstanding on the mortgage note payable, which is a decrease of \$387,459 from the prior year. This decrease is due to the current year payoff of the mortgage note payable. More detailed information about the School's long-term liabilities is presented in Note 4 to the financial statements.

#### **ECONOMIC FACTORS AND NEXT YEAR'S BUDGET**

The following economic indicators were taken into account when adopting the general fund budget for fiscal year 2019:

- Slight decrease in student population
- Consistent capital outlay funds
- Projected incremental salary increases based on years of service with the School
- Higher insurance and benefits costs

Amounts available for appropriation in the general fund are approximately \$1,657,000, a decrease of 4% from the 2018 actual of \$1,728,699. Budgeted expenditures are expected to decrease 21% to approximately \$1,598,000 from the 2018 actual of \$2,026,083. This decrease is primarily due to mortgage note principal payments that will not recur. The School has added no major new programs to the fiscal 2019 budget.

If these estimates are realized, the School's general fund balance is expected to increase by the close of fiscal 2019.

#### CONTACTING THE SCHOOL'S FINANCIAL MANAGEMENT

This financial report is designed to provide interested parties with a general overview of the School's finances and to demonstrate the School's accountability for the money it receives. Should additional information be required, please contact the School's administrative offices at 1705 East County Road 44A, Eustis, Florida 32726.

## Independent Auditor's Report on Basic Financial Statements and Supplementary Information

To the Board of Directors of Alee Academy, Inc., a Charter School and Component Unit of the District School Board of Lake County, Florida

#### REPORT ON THE FINANCIAL STATEMENTS

We have audited the accompanying financial statements of the governmental activities and each major fund of Alee Academy, Inc. (the "School"), a charter school and component unit of the District School Board of Lake County, Florida, as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the School's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### **Auditor's Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

To the Board of Directors of Alee Academy, Inc., a Charter School and Component Unit of the District School Board of Lake County, Florida Page 2

#### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of Alee Academy, Inc. as of June 30, 2018, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### Other Matters

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 1 – 7 and the budgetary comparison information on page 25 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### OTHER REPORTING REQUIRED BY GOVERNMENT AUDITING STANDARDS

In accordance with *Government Auditing Standards*, we have also issued our report dated September 26, 2018 on our consideration of the School's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School's internal control over financial reporting and compliance.

Fund balances at end of year	\$ 357,530	\$ -	\$ 357,530		

# RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES

#### FOR THE YEAR ENDED JUNE 30, 2018

Net changes in fund balances - total governmental funds	\$ (297,384)
Amounts reported for governmental activities in the statement of activities are different because:	
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount of depreciation expense in the current period.	(72,860)
Principal payments on long-term debt are expenditures in the governmental funds, but the repayments reduce long-term liabilities in the statement of net position.	387,459
Change in net position of governmental activities	\$ 17,215

#### **NOTES TO FINANCIAL STATEMENTS**

#### FOR THE YEAR ENDED JUNE 30, 2018

#### 1 ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### Organization

Alee Academy, Inc. (the "School") is a not-for-profit corporation organized pursuant to Chapter 617, Florida Statutes, the Florida Not-For-Profit Corporation Act and Section 1002.33, Florida Statutes. The governing body of the School is the not-for-profit corporation Board of Directors, which is composed of six members.

The general operating authority of the School is contained in Section 1002.33, Florida Statutes. The School operates under a charter of the sponsoring school district, the District School Board of Lake County, Florida (the "School Board"). The current charter is effective until June 30, 2022 and may be renewed thereafter by mutual written agreement between the School and the School Board. At the end of the term of the charter, the School Board may choose not to renew the charter under grounds specified in the charter. In this case, the School Board is required to notify the School in writing at least 90 days prior to the charter's expiration. During the term of the charter, the School Board may also terminate the charter if good cause is shown. In the event of termination of the charter, any property purchased by the School with public funds and any unencumbered public funds, except capital outlay funds, revert back to the School Board. Any unencumbered capital outlay funds revert back to the Florida Department of Education ("FDOE") to be redistributed among eligible charter schools. The School is considered a component unit of the School Board and meets the definition of a governmental entity under the Governmental Accounting Standards Board ("GASB") accounting guidance; therefore, for financial reporting purposes, the School is required to follow generally accepted accounting principles applicable to state and local governmental units.

Criteria for determining if other entities are potential component units of the School which should be reported with the School's basic financial statements are identified and described in the GASB Codification of Governmental Accounting and Financial Reporting Standards. The application of these criteria provides for identification of any entities for which the School is financially accountable and other organizations for which the nature and significance of their relationship with the School are such that exclusion would cause the School's basic financial statements to be misleading or incomplete. Based on these criteria, no component units are included within the reporting entity of the School.

#### **Basis of Presentation**

The basic financial statements of the School have been prepared in accordance with generally accepted accounting principles as prescribed by GASB. Accordingly, both government-wide and fund financial statements are presented.

### NOTES TO FINANCIAL STATEMENTS (continued)

The government-wide financial statements report information about the School as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes all of the School's assets, deferred outflows of resources, liabilities and deferred inflows of resources. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The government-wide financial statements of the School are generally divided into three categories:

- Governmental Activities most of the School's basic services are included here, such as instruction and school administration. Funds received through the Florida Education Finance Program ("FEFP") and state and federal grants finance most of these activities.
- <u>Business-type Activities</u> in certain instances, the School may charge fees to help it cover the costs of certain services it provides. The School currently has no business-type activities.
- <u>Component Units</u> there currently are no component units included within the reporting entity of the School.

The fund financial statements provide more detailed information about the School's most significant funds, not the School as a whole. A fund is an accounting entity having a self-balancing set of accounts for recording assets, deferred outflows of resources, liabilities, deferred inflows of resources, fund balance, revenues, expenditures, and other financing sources and uses. Resources are allocated to and accounted for in individual funds based on the purposes for which they are to be spent and the means by which spending activities are controlled. The funds in the financial statements of this report are as follows:

#### Governmental Funds:

- <u>General Fund</u> to account for all financial resources not required to be accounted for in another fund.
- <u>Capital Projects Fund</u> to account for all resources for the acquisition of capital items by the School purchased with capital outlay funds.

For purposes of these statements, the general and capital projects funds are considered major funds. There are no other governmental funds.

#### **Basis of Accounting**

Basis of accounting refers to when revenues and expenses/expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The government-wide financial statements are presented using the accrual basis of accounting and an economic resources focus. Under the accrual basis of accounting, revenues and expenses are recognized when they occur.

### NOTES TO FINANCIAL STATEMENTS (continued)

The modified accrual basis of accounting and current financial resources focus is followed by the governmental funds. Under the modified accrual basis, revenues are recognized when they become measurable and available. Available means collectible within the current year or soon enough thereafter to pay current liabilities. The School considers revenues to be available if they are collected within 60 days of the end of the fiscal year. Under the modified accrual basis of accounting, expenditures are generally recognized when the related fund liability is incurred. The principal exceptions to this general rule are: (1) interest on general long-term debt is recognized when due and (2) expenditures related to liabilities reported as general long-term debt are recognized when due.

#### **Budgetary Basis of Accounting**

Budgets are presented on the modified accrual basis of accounting. During the fiscal year, expenditures were controlled at the fund level.

#### **Cash and Cash Equivalents**

Investments with an original maturity of three months or less at the time they are purchased are considered to be cash equivalents. Cash deposits are held by banks qualified as public depositories under Florida law. All deposits are insured by federal depository insurance and collateralized with securities held in Florida's multiple financial institution collateral pool under Chapter 280, Florida Statutes.

#### **Capital Assets and Depreciation**

Expenditures for capital assets acquired for general School purposes are reported in the governmental fund that financed the acquisition. Purchased capital assets are reported at cost, net of accumulated depreciation, in the government-wide financial statements. Donated assets are recorded at fair value at the date of donation. Depreciation is computed using the straight-line method over the estimated useful lives of the assets, which range as follows:

	<u>Years</u>
Buildings and improvements	15 - 39
Land improvements	7 - 39
Furniture, fixtures and equipment	5 - 15
Motor vehicles	5

Information relative to changes in capital assets is described in Note 2.

#### **Long-term Liabilities**

Long-term obligations that will be financed by resources to be received in the future by the governmental funds are reported in the government-wide financial statements, not in the governmental funds. Changes in long-term liabilities for the current year are reported in Note 4.

### NOTES TO FINANCIAL STATEMENTS (continued)

#### **Fund Balance Spending Policy**

The School's adopted spending policy is to spend from the restricted fund balance first, followed by committed, assigned, then the unassigned fund balance. Most funds were designated for one purpose at the time of their creation. Therefore, expenditures made out of the fund will be allocated to the applicable fund balance classifications in the order of the aforementioned spending policy. If expenditures are incurred that meet the purpose of more than one fund, they will be allocated to the restricted fund balance first and then follow the order above. Funds can only be committed by formal action of the Board of Directors. The Board of Directors has delegated authority to assign funds to the Principal up to the amount of \$50,000. The minimum fund balance requirement for the School's funds is five percent of the annual revenue.

#### **Revenue Sources**

Revenues for current operations are received primarily from the School Board pursuant to the funding provisions included in the School's charter. As such, the School's revenue stream is largely dependent upon the general state of the economy and the amounts allotted to the FDOE by the state legislature. In accordance with the funding provisions of the charter and Section 1002.33(18), Florida Statutes, the School reports the number of full-time equivalent students and related data to the School Board.

Under the provisions of Section 1011.62, Florida Statutes, the School Board reports the number of full-time equivalent students and related data to the FDOE for funding through the FEFP. Funding for the School is adjusted during the year to reflect the revised calculations by the FDOE under the FEFP and the actual weighted full-time equivalent students reported by the School during the designated full-time equivalent student survey periods. The School Board receives a 5% administrative fee from the School, which is reflected as a general administration expense/expenditure in the accompanying financial statements. This administrative fee is calculated on the FEFP revenue up to 250 students.

The School is also eligible for charter school capital outlay funding. The amounts received under this program are based on the School's actual and projected student enrollment during the fiscal year. Funds received under this program may only be used for lawful capital outlay expenditures and, as such, any unexpended amounts are reflected as restricted net position and restricted fund balance in the accompanying financial statements.

#### **Income Taxes**

The School is an organization exempt from income taxation under Section 501(a) as an entity described in Section 501(c)(3) of the Internal Revenue Code of 1986, as amended. Accordingly, no provision for federal income taxes is included in the accompanying financial statements.

### NOTES TO FINANCIAL STATEMENTS (continued)

The School has adopted guidance related to accounting for uncertainty in income taxes, which prescribes a recognition threshold and measurement attribute for financial statement recognition and measurement of a tax position that an entity takes or expects to take in a tax return. This guidance is applicable to not-for-profit organizations that may be conducting unrelated business activities, which are potentially subject to income taxes, including state income taxes.

The School assesses its income tax positions, including its continuing tax status as a not-for-profit entity, and recognizes tax benefits only to the extent that the School believes it is "more likely than not" that its tax positions will be sustained upon an examination by the Internal Revenue Service ("IRS") or the applicable state taxing authority. Accordingly, there is no provision for federal income taxes in the School's financial statements, as the School believes all tax positions, including its continuing status as a not-for-profit entity, have a greater than 50% chance of realization in the event of an IRS audit. State income taxes, which may be due in certain jurisdictions, have been assessed following the same "more likely than not" measurement threshold.

#### **Use of Estimates**

In preparing the financial statements, management is required to make estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, liabilities and deferred inflows of resources as of the date of the statement of net position and the balance sheet – governmental fund and affect revenues and expenses/expenditures for the period presented. Actual results could differ significantly from those estimates.

#### **Subsequent Events**

The School has evaluated subsequent events through September 26, 2018, the date these financial statements were available to be issued.

In June 2018, the School entered into an agreement to purchase four school buses for \$427,912. Subsequent to year-end, the School took possession of two of the buses. Starting September 5, 2018, the note payable associated with the two school buses requires principal and interest payments of \$4,133 for a term of 60 months. The terms of the note payable associated with the remaining two buses have not yet been determined.

#### **Recently Issued Accounting Pronouncement**

In June 2017, the GASB issued Statement No. 87, *Leases*, which requires recognition of certain lease assets and liabilities for leases that previously were classified as operating leases. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this guidance, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, thereby enhancing the relevance and consistency of information about a school's leasing activities.

### NOTES TO FINANCIAL STATEMENTS (continued)

The new standard is effective for the fiscal year ending June 30, 2021. The cumulative effect of any changes adopted to conform to the provisions of this guidance would be reported as a restatement of beginning net position and fund balance. The School is currently evaluating the effect that implementation of the new standard will have on its financial statements.

#### 2 CHANGES IN CAPITAL ASSETS

Capital asset activity for the year ended June 30, 2018 was as follows:

	Beginning Balance	Increases	Decreases	Ending Balance
Governmental activities:				
Capital assets not being depreciated: Land	\$ 305,395	\$ -	\$ -	\$ 305,395
Total capital assets not being depreciated	305,395			305,395
Depreciable capital assets:				
Buildings and improvements	1,655,971		-	1,655,971
Land improvements	46,166	-	-	46,166
Furniture, fixtures and equipment	429,581		-	429,581
Motor vehicles	156,129			156,129
Total depreciable capital assets	2,287,847			2,287,847
Less accumulated depreciation for:				
Buildings and improvements	(822,605)	(43,286)	-	(865,891)
Land improvements	(30,844)	(2,209)	-	(33,053)
Furniture, fixtures and equipment	(363,195)	(26,670)	-	(389,865)
Motor vehicles	(154,681)	(695)		(155,376)
Total accumulated depreciation	(1,371,325)	(72,860)		(1,444,185)
Total depreciable capital assets, net	916,522	(72,860)		843,662
Governmental activities capital assets, net	\$1,221,917	\$ (72,860)	\$ -	\$1,149,057

Certain reclassifications were made in the 2017 amounts to conform to their classifications in fiscal year 2018.

## NOTES TO FINANCIAL STATEMENTS (continued)

Depreciation expense was charged to functions as follows:

#### Governmental activities:

Instruction and instruction-related services	\$	40,807
School administration		21,386
Student transportation services		6,426
Operation and maintenance of plant		4,241
Total governmental activities depreciation expense	\$	72,860

#### 3 COMMITMENTS AND CONTINGENT LIABILITIES

#### **Grants**

The School participates in state and federal grant programs, which are governed by various rules and regulations of the grantor agencies. Costs charged to the respective grant programs are subject to audit and adjustment by the grantor agencies; therefore, to the extent that the School has not complied with the rules and regulations governing the grants, refunds of any money received may be required and the collectibility of any related receivable as of June 30, 2018 may be impaired. In the opinion of the School, there are no significant contingent liabilities relating to compliance with the rules and regulations governing the respective grants; therefore, no provision has been recorded in the accompanying financial statements for such contingencies.

#### **Legal Matters**

In the normal course of conducting its operations, the School occasionally becomes party to various legal actions and proceedings. In the opinion of management, the ultimate resolution of such legal matters will not have a significant adverse effect on the accompanying financial statements

#### **Risk Management Program**

Workers' compensation coverage, health and hospitalization, general liability, professional liability and property coverages are being provided through purchased commercial insurance with minimum deductibles for each line of coverage. Settled claims resulting from these risks have not historically exceeded commercial coverage.

### NOTES TO FINANCIAL STATEMENTS (continued)

#### Salary Savings Plan

The School has adopted a SIMPLE IRA retirement program (the "Plan"), which covers all full time employees upon employment. Eligible employees may elect to contribute a portion of their earnings to the Plan. The School makes contributions to the Plan by matching 100% of employee contributions up to 3% of compensation. Employer contributions during fiscal 2018 totaled approximately \$12,500.

#### **Operating Lease**

The School leases an office copier under a non-cancelable operating lease expiring in July 2020. The lease is payable in monthly installments of \$341. The aggregate remaining minimum rental payments as of June 30, 2018 under the lease are as follows:

Year Ending June 30,	<b>A</b> n	Amounts	
2019	\$	4,087	
2020		4,087	
2021		341	
Total minimum lease payments	\$	8,515	

Lease expense totaled approximately \$4,600 for the year ended June 30, 2018, which is included in school administration in the accompanying financial statements.

#### 4 LONG-TERM LIABILITIES

Long-term liabilities activity for the year ended June 30, 2018 was as follows:

	Beginning Balance	Inci	reases	Decreases	nding lance	Within Year
Governmental activities: Mortgage note payable	\$ 387,459	\$	-	\$ (387,459)	\$ -	\$ -
Governmental activities, long-term liabilities	\$ 387,459	\$		\$ (387,459)	\$ -	\$ 

#### **Mortgage Note Payable**

Long-term liabilities included a mortgage note payable to a financial institution that was secured by the School's Eustis, Florida facility. The School paid off this note in June 2018.

## NOTES TO FINANCIAL STATEMENTS (continued)

#### 5 SCHEDULE OF STATE AND LOCAL REVENUE SOURCES

The following is a schedule of state and local revenue sources and amounts:

District School B	oard of Lake	County.	Florida:
-------------------	--------------	---------	----------

Florida Education Finance Program	\$ 1,118,155
Class size reduction	239,495
Discretionary local effort	89,239
Student transportation	81,192
Supplemental academic instruction	62,711
Capital outlay	48,389
Discretionary millage compression	36,633
ESE guaranteed allocation	29,044
Instructional materials	21,356
Reading allocation	11,172
Digital classroom allocation	7,400
Safe schools	5,596
Teacher lead	2,695
Discretionary lottery funds	440
Other	425
Total	\$ 1,753,942

The administrative fee paid to the School Board during the year ended June 30, 2018 totaled approximately \$78,000, which is reflected as a general administration expense/expenditure in the accompanying financial statements.

#### REQUIRED SUPPLEMENTARY INFORMATION

#### **BUDGETARY COMPARISON SCHEDULE - GENERAL FUND**

## Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

To the Board of Directors of Alee Academy, Inc., a Charter School and Component Unit of the District School Board of Lake County, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of Alee Academy, Inc. (the "School"), a charter school and component unit of the District School Board of Lake County, Florida, as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the School's basic financial statements, and have issued our report thereon dated September 26, 2018.

#### INTERNAL CONTROL OVER FINANCIAL REPORTING

In planning and performing our audit of the financial statements, we considered the School's internal control over financial reporting ("internal control") to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control. Accordingly, we do not express an opinion on the effectiveness of the School's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

To the Board of Directors of Alee Academy, Inc., a Charter School and Component Unit of the District School Board of Lake County, Florida Page 2

#### COMPLIANCE AND OTHER MATTERS

As part of obtaining reasonable assurance about whether the School's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### **PURPOSE OF THIS REPORT**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Winter Park, Florida September 26, 2018

BKHM P.A.

# ADDITIONAL INFORMATION REQUIRED BY RULES OF THE AUDITOR GENERAL, CHAPTER 10.850

To the Board of Directors of Alee Academy, Inc., a Charter School and Component Unit of the District School Board of Lake County, Florida

#### REPORT ON THE FINANCIAL STATEMENTS

We have audited the financial statements of the governmental activities and each major fund of Alee Academy, Inc. (the "School"), a charter school and component unit of the District School Board of Lake County, Florida, as of and for the year ended June 30, 2018, and have issued our report thereon dated September 26, 2018.

#### **AUDITOR'S RESPONSIBILITY**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Chapter 10.850, Rules of the Auditor General.

#### OTHER REPORTING REQUIREMENTS

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*. Disclosures in that report, which is dated September 26, 2018, should be considered in conjunction with this management letter.

#### **PRIOR AUDIT FINDINGS**

Section 10.854(1)(e)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. The preceding annual financial audit report included the same recommendation noted below under the "Financial Condition and Management" section.

#### OFFICIAL TITLE

Section 10.854(1)(e)5., Rules of the Auditor General, requires the name or official title of the entity be disclosed in this management letter. The official title of the entity is Alee Academy, Inc.

#### FINANCIAL CONDITION AND MANAGEMENT

Sections 10.854(1)(e)2. and 10.855(11), Rules of the Auditor General, require us to apply appropriate procedures and communicate whether or not the School has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific conditions met. In connection with our audit, we determined that the School did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.854(1)(e)6.a. and 10.855(12), Rules of the Auditor General, we applied financial condition assessment procedures for the School. It is management's responsibility to monitor the School's financial condition, and our financial condition

To the Board of Directors of Alee Academy, Inc., a Charter School and Component Unit of the District School Board of Lake County, Florida Page 2

assessment was based in part on representations made by management and the review of financial information provided by same. The financial condition assessment was done as of the fiscal year-end.

Section 10.854(1)(e)3., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. Our recommendation is as follows:

The School's transactions should be recorded and reported in accordance with the Florida Red Book ("Red Book") to enable effective monitoring of the School's financial condition. During our audit procedures, we identified several instances where transactions were not coded to the proper Red Book function. Multiple adjustments were required to present transactions in accordance with the Red Book. After we identified these errors, management recorded all necessary adjustments to correct the School's records. We recommend that the School improve its controls to ensure that transactions are recorded in accordance with the Red Book.

#### **TRANSPARENCY**

Sections 10.854(1)(e)7. and 10.855(13), Rules of the Auditor General, require us to apply appropriate procedures and communicate the results of our determination as to whether the School maintains on its website the information specified in Section 1002.33(9)(p), Florida Statutes. In connection with our audit, we determined that the School maintained on its website the information specified in Section 1002.33(9)(p), Florida Statutes.

#### **ADDITIONAL MATTERS**

Section 10.854(1)(e)4., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

#### PURPOSE OF THIS LETTER

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, federal and other granting agencies, the Board of Directors, applicable management, and the District School Board of Lake County, Florida and is not intended to be, and should not be, used by anyone other than these specified parties.

Winter Park, Florida September 26, 2018
