MANAGEMENT'S DISCUSSION AND ANALYSIS

This section of the annual financial report of Spring Creek Charter School, Inc. (the "School") presents management's discussion and analysis of the School's financial performance during the fiscal year ended June 30, 2018. Please read it in conjunction with the School's financial statements, which follow this section.

FINANCIAL HIGHLIGHTS

- The School's total net position increased compared to the prior year.
- For the fiscal year ended June 30, 2018, the School's revenues exceeded expenses by \$88,645. This is an improvement from the prior year, when expenses exceeded revenues by \$131,208.
- Overall, revenues increased by approximately \$710,000, which is a 16% increase from the prior year.
- Overall, expenses increased by approximately \$490,000, which is an 11% increase from the prior year.
- Total assets and deferred outflows were \$3,926,273 and total liabilities and deferred inflows were \$4,400,604, resulting in net position of \$(474,331) as of June 30, 2018.

OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of three parts – management's discussion and analysis (this section), the basic financial statements and required supplementary information. The basic financial statements include two kinds of statements that present different views of the School:

- The first two statements are *government-wide financial statements* that provide both long-term and short-term information about the School's overall financial status.
- The remaining statements are *fund financial statements* that focus on individual parts of the School, reporting the School's operations in more detail than the government-wide statements.
 - The *governmental funds* financial statements tell how general school services were financed in the short term, as well as what remains for future spending.
 - The *fiduciary fund* financial statement provides information about the financial relationships in which the School acts solely as an agent for the benefit of others.

The financial statements also include *notes* that explain some of the information in the financial statements and provide more detailed data. The statements are followed by a section of *required supplementary information* that further explains and supports the information in the financial statements.

This document also includes the following information required by the Uniform Guidance: schedule of expenditures of federal awards and accompanying note, independent auditor's report on compliance for each major program and on internal control over compliance required by the Uniform Guidance and the schedule of findings and questioned costs. In addition, it includes the independent auditor's report on internal control over financial reporting and on compliance and other matters based on an audit of financial statements performed in accordance with *Government Auditing Standards*.

The following table summarizes the major features of the School's financial statements, including the portion of the School they cover and the types of information they contain. The remainder of this overview section of management's discussion and analysis explains the structure and contents of each of the statements.

		Fund Statements					
	Government-wide Statements	Governmental Funds	Fiduciary Fund				
Scope	Entire School (except the fiduciary fund)	The activities of the School that are not proprietary or fiduciary	Instances in which the School administers resources on behalf of someone else				
Required financial statements	Statement of net position Statement of activities	Balance sheet – governmental funds Statement of revenues, expenditures and changes in fund balances – governmental funds	Statement of fiduciary assets and liabilities				
Accounting basis and measurement focus	Accrual accounting and economic resources focus	Modified accrual accounting and current financial resources focus	Accrual accounting and economic resources focus				
Type of asset/liability information	All assets, deferred outflows of resources, liabilities and deferred inflows of resources, both financial and capital, and short-term and long-term	Only assets/deferred outflows of resources expected to be used up and liabilities/deferred inflows of resources that come due during the year or soon thereafter; no capital assets included	All assets, deferred outflows of resources, liabilities and deferred inflows of resources, both financial and capital, and short-term and long-term				
Type of inflow/outflow information	All revenues and expenses during the year, regardless of when cash is received or paid	Revenues for which cash is received during or soon after the end of the year; expenditures when goods or services have been received and payment is due during the year or soon thereafter	Funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations				

Government-wide Financial Statements

The government-wide financial statements report information about the School as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes all of the School's assets, deferred outflows of resources, liabilities and deferred inflows of resources, but excludes fiduciary funds. All of the current year's revenues and expenses are accounted for in the statement of activities, regardless of when cash is received or paid.

The two government-wide financial statements report the School's net position and how it has changed. Net position – the difference between the School's assets and deferred outflows of resources and its liabilities and deferred inflows of resources – is one way to measure the School's financial position. Over time, increases or decreases in the School's net position are an indicator of whether its financial position is improving or deteriorating, respectively. To assess the overall financial position of the School, one needs to consider additional nonfinancial factors such as changes in the School's student base, the quality of the education and the safety of the School.

The government-wide financial statements of the School are generally divided into three categories:

- Governmental Activities most of the School's basic services are included here, such as instruction and school administration. Funds received through the Florida Education Finance Program ("FEFP") and state and federal grants finance most of these activities.
- <u>Business-type Activities</u> in certain instances, the School may charge fees to help it cover the costs of certain services it provides. The School currently has no business-type activities.
- <u>Component Units</u> there currently are no component units included within the reporting entity of the School.

Fund Financial Statements

The fund financial statements provide more detailed information about the School's most significant funds, not the School as a whole. A fund is a self-balancing set of accounts which the School uses to keep track of specific sources of funding and spending for particular purposes. Some funds are required by state law, and the School may establish other funds to control and manage money for particular purposes, such as for federal grants.

The School has two types of funds:

Governmental Funds – most of the School's basic services are included in governmental funds, which focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental funds statements provide a detailed short-term view that helps one determine whether there are more or fewer financial resources that can be spent in the near future to finance the School's programs. Because this information does not encompass the additional long-term focus of the government-wide statements, we provide additional information on the subsequent page that explains the differences between them.

• <u>Fiduciary Funds</u> – the School is the agent, or fiduciary, for assets that belong to others, such as student activities funds. The School is responsible for ensuring that the assets reported in these funds are used only for their intended purposes and by those to whom the assets belong. The School excludes these activities from the government-wide financial statements because the School cannot use these assets to finance its operations.

FINANCIAL ANALYSIS OF THE SCHOOL AS A WHOLE

Net Position

The School's combined net position as of June 30, 2018 and 2017 is summarized as follows – see table below:

	Governmen		
		Increase	
	2018	2017	(Decrease)
Current and other assets	\$ 2,328,402	\$ 2,256,671	3%
Capital assets, net	418,034	458,041	-9%
Deferred outflows of resources	1,179,837	1,514,446	-22%
Total assets and deferred outflows	3,926,273	4,229,158	
Current and other liabilities	678,599	640,014	6%
Long-term liabilities	3,537,221	3,724,545	-5%
Deferred inflows of resources	184,784	427,575	-57%
Total liabilities and deferred outflows	4,400,604	4,792,134	-8%
Net position:			
Net investment in capital assets	187,551	131,085	43%
Restricted for terminal employee benefits	30,000	30,000	0%
Unrestricted	(691,882)	(724,061)	4%
Total net position	\$ (474,331)	\$ (562,976)	16%

Net capital assets decreased due to current year depreciation exceeding capital asset additions. Net investment in capital assets increased due to the addition of a capital lease for copiers in the current year.

The changes in deferred outflows of resources, deferred inflows of resources and long-term liabilities are all related to the remeasurement of the net pension liability and the other post-employment benefits obligation for fiscal 2018. The change in unrestricted net position is due to the result of current year operations.

Certain reclassifications were made in the 2017 amounts to conform to their classifications in fiscal year 2018.

Change in Net Position

The School's total revenues increased by 16% to \$5,115,995, and the total cost of all programs and services increased by 11% to \$5,027,350 – see table below.

	Governmen		
	(as restated) 2018 2017		Increase (Decrease)
Revenues:			
Federal sources	\$ 853,384	\$ 359,567	137%
State and local sources	4,177,718	4,018,326	4%
Contributions and other revenue	84,893	28,307	200%
Total revenues	5,115,995	4,406,200	16%
Expenses:			
Instruction and instruction-related services	3,465,710	3,378,802	3%
Board	30,330	28,260	7%
General administration	103,022	135,674	-24%
School administration	382,149	365,311	5%
Food services	394,673	-	100%
Pupil transportation services	318,799	288,201	11%
Operation and maintenance of plant	324,396	327,799	-1%
Interest	8,271	13,361	-38%
Total expenses	5,027,350	4,537,408	11%
Change in net position	\$ 88,645	\$ (131,208)	168%

Federal sources and contributions and other revenues increased due to the addition of revenues received for the National School Breakfast and Lunch Program in the current year.

General administration expenses decreased due to the timing of payments for the additional services charged by the District. Food service expenses increased due to cost related to the food service program started in the current year. Pupil transportation services increased due to an increase in bus drivers' salaries and related costs in the current year. Interest decreased due to decreases in the balances of the associated long-term liabilities.

Certain reclassifications were made in the 2017 amounts to conform to their classifications in fiscal year 2018.

FINANCIAL ANALYSIS OF THE SCHOOL'S FUNDS

As the School completed the year, its governmental fund reported a fund balance of \$1,649,803, which is an increase from the prior year. Revenues and expenditures changed for the same reasons described above.

General and Special Revenue Fund Budgetary Highlights

Over the course of the year, the School revised its general fund budget several times. These budget amendments fall into three categories:

- Changes made during the fiscal year to account for variations in student enrollment.
- To increase the appropriation of revenues and expenses for the addition of the child nutrition program.
- To adjust planned expenses based on actual resource needs and to prevent budget overruns.

With these adjustments, actual general fund revenues were approximately \$5,000 below the final budgeted amounts. Actual general fund expenditures were approximately \$99,000 over the final budgeted amounts, primarily due to the fact that the School incurred salaries, supplies, professional fees, purchased services and equipment costs which were not budgeted.

Actual special revenue fund revenues and expenditures were not significantly different from the budgeted amounts.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

The School's investment in capital assets at the end of fiscal 2018 amounts to \$418,034 (net of accumulated depreciation). See table below:

	Government	al Activities	Increase			
	2018	2017	(Decrease)			
Furniture, fixtures and equipment	\$ 147,198	\$ 111,628	32%			
Motor vehicles	594,161	594,161	0%			
Less accumulated depreciation	(323,325)	(247,748)	-31%			
Total capital assets, net	\$ 418,034	\$ 458,041	-9%			

The School purchased copiers with a capital lease in the current year. More detailed information about the School's capital assets is presented in Note 2 to the financial statements.

Long-Term Debt

As of June 30, 2018, the School had \$230,483 in long-term debt outstanding consisting of capital leases, notes payable and other long-term liabilities. This year's major long-term debt additions include the following:

Capital lease of \$34,570 for copiers

Interest expense related to these borrowings totaled \$8,271 for the year ended June 30, 2018. More detailed information about the School's long-term debt is presented in Note 5 to the financial statements.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

When adopting the general fund budget for fiscal year 2019, the School anticipates enrollment to remain consistent with the prior year, with state funding increasing slightly over the prior year.

Amounts available for appropriation in the general fund are \$4,098,723, a decrease of 3% over the final 2018 actual revenues of \$4,223,385. Budgeted expenditures are expected to be \$4,194,942, a decrease of less than 1% over final 2018 actual expenditures of \$4,220,435. The School has added no major new programs to the fiscal 2019 budget.

If these estimates are realized, the School's general fund balance is expected to decrease by the close of fiscal year 2019.

CONTACTING THE SCHOOL'S FINANCIAL MANAGEMENT

This financial report is designed to provide interested parties with a general overview of the School's finances and to demonstrate the School's accountability for the money it receives. Should additional information be required, please contact the School's administrative offices at 44440 Spring Creek Road, Paisley, Florida 32767.

INDEPENDENT AUDITOR'S REPORT ON BASIC FINANCIAL STATEMENTS AND SUPPLEMENTARY INFORMATION

To the Board of Directors of Spring Creek Charter School, Inc., a Charter School and Component Unit of the District School Board of Lake County, Florida

REPORT ON THE FINANCIAL STATEMENTS

We have audited the accompanying financial statements of the governmental activities, each major fund and the aggregate remaining fund information of Spring Creek Charter School, Inc., (the "School"), a charter school and component unit of the District School Board of Lake County, Florida, as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the School's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

To the Board of Directors of Spring Creek Charter School, Inc., a Charter School and Component Unit of the District School Board of Lake County, Florida Page 2

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund and the aggregate remaining fund information of Spring Creek Charter School, Inc. as of June 30, 2018, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 1 - 7, the budgetary comparison information on pages 38 - 39, the pension information on pages 40 - 41 and the other postemployment benefit information on page 42, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the School's basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200. Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

To the Board of Directors of Spring Creek Charter School, Inc., a Charter School and Component Unit of the District School Board of Lake County, Florida Page 3

OTHER REPORTING REQUIRED BY GOVERNMENT AUDITING STANDARDS

In accordance with *Government Auditing Standards*, we have also issued our report dated November ___, 2018 on our consideration of the School's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School's internal control over financial reporting and compliance.

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES

FOR THE YEAR ENDED JUNE 30, 2018

Net changes in fund balances - total governmental funds	\$ 33,146
Amounts reported for governmental activities in the statement of activities are different because:	
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which depreciation expense (\$75,577) exceeds capital outlay expenditures (\$35,570) in the current period.	(40,007)
Compensated absences reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds.	(28,290)
Debt proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net	(35,570)
Principal payments on long-term debt are expenditures in the governmental funds, but the repayments reduce long-term liabilities in the statement of net position.	132,043
Some revenues or expenses included in the statement of activities do not provide or require the use of current financial resources and, therefore, are not reported as a net change in fund balances in the governmental funds.	
Change in net pension liability, deferred outflows and deferred inflows Change in other post employment benefits obligation, deferred outflows and deferred inflows	66,467 (39,144)
Change in net position of governmental activities	\$ 88,645

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2018

1 ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

Spring Creek Charter School, Inc., (the "School") is a not-for-profit corporation organized pursuant to Chapter 617, Florida Statutes, the Florida Not-For-Profit Corporation Act and Section 1002.33, Florida Statutes. The governing body of the School is the not-for-profit corporation Board of Directors, which is composed of no less than three and no more than fifteen members. Effective July 1, 1998, the School converted from a traditional public school to a public charter school.

The general operating authority of the School is contained in Section 1002.33, Florida Statutes. The School operates under a charter of the sponsoring school district, the District School Board of Lake County, Florida (the "School Board"). The current charter is effective until June 30, 2022 and may be renewed by mutual written agreement between the School and the School Board. At the end of the term of the charter, the School Board may choose not to renew the charter under grounds specified in the charter. In this case, the School Board is required to notify the School in writing at least 90 days prior to the charter's expiration. During the term of the charter, the School Board may also terminate the charter if good cause is shown. In the event of termination of the charter, any property purchased by the School with public funds and any unencumbered public funds revert back to the School Board. The School is considered a component unit of the School Board and meets the definition of a governmental entity under the Governmental Accounting Standards Board ("GASB") accounting guidance; therefore, for financial reporting purposes, the School is required to follow generally accepted accounting principles applicable to state and local governmental units.

Criteria for determining if other entities are potential component units of the School which should be reported with the School's basic financial statements are identified and described in the GASB's Codification of Governmental Accounting and Financial Reporting Standards. The application of these criteria provides for identification of any entities for which the School is financially accountable and other organizations for which the nature and significance of their relationship with the School are such that exclusion would cause the School's basic financial statements to be misleading or incomplete. Based on these criteria, no component units are included within the reporting entity of the School.

Basis of Presentation

The School's financial statements have been prepared in accordance with generally accepted accounting principles as prescribed by the GASB. Accordingly, both government-wide and fund financial statements are presented.

NOTES TO FINANCIAL STATEMENTS (continued)

The government-wide financial statements report information about the School as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes all of the School's assets, deferred outflows of resources, liabilities and deferred inflows of resources, but excludes fiduciary funds. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The government-wide financial statements of the School are generally divided into three categories:

- <u>Governmental Activities</u> most of the School's basic services are included here, such as instruction and school administration. Funds received through the Florida Education Finance Program ("FEFP") and state and federal grants finance most of these activities.
- <u>Business-type Activities</u> in certain instances, the School may charge fees to help it cover the costs of certain services it provides. The School currently has no business-type activities.
- <u>Component Units</u> there currently are no component units included within the reporting entity of the School.

The fund financial statements provide more detailed information about the School's most significant funds, not the School as a whole. A fund is an accounting entity having a self-balancing set of accounts for recording assets, deferred outflows of resources, liabilities, deferred inflows of resources, fund balance, revenues, expenditures and other financing sources and uses. Resources are allocated to and accounted for in individual funds based on the purposes for which they are to be spent and the means by which spending activities are controlled.

The funds in the financial statements of this report are as follows:

Governmental Funds:

- <u>General Fund</u> to account for all financial resources not required to be accounted for in another fund.
- <u>Special Revenue Fund</u> to account for the proceeds of specific revenue sources and federal grants that are restricted by law or administrative action to expenditure for specific purposes.

For purposes of these statements, the general and special revenue funds are considered major funds.

Fiduciary Fund:

Agency Fund – to account for school internal funds, which are established to record the
receipts and disbursements of various school activities administered for the general welfare of
the students and completion of certain planned objectives and special programs of school
groups. The School retains no equity interest in these funds. Agency funds are custodial in
nature (assets equal liabilities) and do not involve measurement of results of operations.

NOTES TO FINANCIAL STATEMENTS (continued)

Basis of Accounting

Basis of accounting refers to when revenues and expenses/expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The government-wide and fiduciary fund financial statements are presented using the accrual basis of accounting and an economic resources focus. Under the accrual basis of accounting, revenues and expenses are recognized when they occur.

The modified accrual basis of accounting and current financial resources focus is followed by the governmental funds. Under the modified accrual basis, revenues are recognized when they become measurable and available. Available means collectible within the current period or soon enough thereafter to pay current liabilities. The School considers revenues to be available if they are collected within 60 days of the end of the fiscal year. Under the modified accrual basis of accounting, expenditures are generally recognized when the related fund liability is incurred. The principal exceptions to this general rule are: (1) interest on general long-term debt is recognized when due and (2) expenditures related to liabilities reported as general long-term debt are recognized when due.

Budgetary Basis Accounting

Budgets are presented on the modified accrual basis of accounting. During the fiscal year, expenditures were controlled at the fund level.

Cash and Cash Equivalents

Investments with an original maturity of three months or less at the time they are purchased are considered to be cash equivalents. Cash deposits are generally held by banks qualified as public depositories under Florida law. All deposits are insured by federal depository insurance and/or collateralized with securities held in Florida's multiple financial institution collateral pool under Chapter 280, Florida Statutes. The School's cash consists primarily of demand and savings deposits and certificates of deposit with financial institutions.

Capital Assets and Depreciation

Expenditures for capital assets acquired for general School purposes are reported in the governmental fund that financed the acquisition. Purchased capital assets are reported at cost, net of accumulated depreciation, in the government-wide financial statements. Donated assets are recorded at fair value at the date of donation.

Depreciation is computed using the straight-line method over the estimated useful lives of the assets, which range as follows:

	<u>Years</u>
Furniture, fixtures and equipment	3 - 7
Motor vehicles	10

NOTES TO FINANCIAL STATEMENTS (continued)

Information relative to changes in capital assets is described in Note 2.

Compensated Absences

Compensated absences (i.e. paid absences for employee vacation leave and sick leave) are recorded as expenditures in governmental funds when leave is used or when accrued as payable to employees entitled to cash payment in lieu of taking leave. In the government-wide financial statements, compensated absences are recorded as an expense when earned by the employees. The full balance of the liability for compensated absences is classified as a long-term liability that is due within one year as the amount of vacation and sick time to be used after the following year cannot be reasonably estimated. Information relative to changes in long-term liabilities is described in Note 5.

Long-Term Debt

Long-term obligations that will be financed by resources to be received in the future by the general fund are reported in the government-wide financial statements, not in the general fund. Information relative to long-term debt is described in Note 5.

Fund Balance Spending Policy

The School's adopted spending policy is to spend from restricted fund balance first, followed by committed, assigned, then the unassigned fund balance. Most funds were designated for one purpose at the time of their creation. Therefore, expenditures made out of the fund will be allocated to the applicable fund balance classifications in the order of the aforementioned spending policy. If expenditures are incurred that meet the purpose of more than one fund, they will be allocated to restricted fund balance first and then follow the order above. Funds can only be committed by formal action of the Board of Directors. The Board of Directors has delegated authority to assign funds to the governing body or by an official to which the governing body delegates the authority. Under the School's charter, the School is required to develop a fund balance reserve of \$30,000 for terminal employee benefits. The School is also required to maintain a minimum fund balance within the general fund at the percentage of the total annual operating fund revenues from the general fund that is equal to the percentage defined by the School Board's policies for the school district. The School is in compliance with these requirements as of June 30, 2018.

Revenue Sources

Revenues for current operations are received primarily from the School Board pursuant to the funding provisions included in the School's charter. As such, the School's revenue stream is largely dependent upon the general state of the economy and the amounts allotted to the Florida Department of Education ("FDOE") by the state legislature. In accordance with the funding provisions of the charter and Section 1002.33(18), Florida Statutes, the School reports the number of full-time equivalent students and related data to the School Board.

NOTES TO FINANCIAL STATEMENTS (continued)

Under the provisions of Section 1011.62, Florida Statutes, the School Board reports the number of full-time equivalent students and related data to the FDOE for funding through the FEFP. Funding for the School is adjusted during the year to reflect the revised calculations by the FDOE under the FEFP and the actual weighted full-time equivalent students reported by the School during the designated full-time equivalent student survey periods. The School Board receives a 5% administrative fee from the School, which is reflected as a general administration expense/expenditure in the accompanying financial statements.

The School also receives federal awards for the enhancement of various educational programs. This assistance is generally received based on applications submitted to and approved by various granting agencies. For federal awards in which a claim to these grant proceeds is based on incurring eligible expenditures, revenue is recognized to the extent that eligible expenditures have been incurred.

Income Taxes

The School is an organization exempt from income taxation under Section 501(a) as an entity described in Section 501(c)(3) of the Internal Revenue Code of 1986, as amended. Accordingly, no provision for federal income taxes is included in the accompanying financial statements.

The School has adopted guidance related to accounting for uncertainty in income taxes, which prescribes a recognition threshold and measurement attribute for financial statement recognition and measurement of a tax position that an entity takes or expects to take in a tax return. This guidance is applicable to not-for-profit organizations that may be conducting unrelated business activities, which are potentially subject to income taxes, including state income taxes.

The School assesses its income tax positions, including its continuing tax status as a not-for-profit entity, and recognizes tax benefits only to the extent that the School believes it is "more likely than not" that its tax positions will be sustained upon an examination by the Internal Revenue Service ("IRS") or the applicable state taxing authority. Accordingly, there is no provision for federal income taxes in the School's financial statements, as the School believes all tax positions, including its continuing status as a not-for-profit entity, have a greater than 50% chance of realization in the event of an IRS audit. State income taxes, which may be due in certain jurisdictions, have been assessed following the same "more likely than not" measurement threshold.

Use of Estimates

In preparing the financial statements, management is required to make estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, liabilities and deferred inflows of resources as of the date of the statement of net position and fund balance sheet - governmental and affect revenues and expenses/expenditures for the period presented. Actual results could differ significantly from those estimates.

NOTES TO FINANCIAL STATEMENTS (continued)

Subsequent Events

The School has evaluated subsequent events through November __, 2018, the date these financial statements were available to be issued.

Recently Adopted Accounting Pronouncement

During 2018, the School adopted GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions ("OPEB"), which replaces GASB 45. GASB Statement No. 75 requires governments to report a liability on the face of their financial statements for the OPEBs provided. In addition, it requires governments in all types of OPEB plans to provide a more extensive note disclosures and RSI about OPEB liabilities. The effect of this change was to decrease beginning net position by \$80,079.

Recently Issued Accounting Pronouncement

In January 2017, the GASB issued Statement No. 84, *Fiduciary Activities*, which improves guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. The new standard is effective for the fiscal year ending June 30, 2020. The cumulative effect of any changes adopted to conform to the provisions of this guidance would be reported as a restatement of beginning net position and fund balance. The School is currently evaluating the effect that implementation of the new standard will have on its financial statements.

In June 2017, the GASB issued Statement No. 87, *Leases*, which requires recognition of certain lease assets and liabilities for leases that previously were classified as operating leases. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this guidance, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, thereby enhancing the relevance and consistency of information about a school's leasing activities. The new standard is effective for the fiscal year ending June 30, 2021. The cumulative effect of any changes adopted to conform to the provisions of this guidance would be reported as a restatement of beginning net position and fund balance. The School is currently evaluating the effect that implementation of the new standard will have on its financial statements.

NOTES TO FINANCIAL STATEMENTS (continued)

2 CHANGES IN CAPITAL ASSETS

Capital asset activity for the year ended June 30, 2018 was as follows:

	Beginning Balance	ln	creases	Deci	reases	Ending Balance
Governmental activities:					,	
Furniture, fixtures and equipment	\$ 111,628	\$	35,570	\$	-	\$ 147,198
Motor vehicles	594,161		-			594,161
Total capital assets as historical cost	705,789	_	35,570			 741,359
Less accumulated depreciation for:						
Furniture, fixtures and equipment	(91,483)		(19,051)		-	(110,534)
Motor vehicles	(156,265)		(56,526)			 (212,791)
Total accumulated depreciation	(247,748)		(75,577)			 (323,325)
Governmental activities capital assets, net	\$ 458,041	\$	(40,007)	\$		\$ 418,034

Depreciation expense was charged to functions as follows:

Governmental activities:	
Instruction	\$ 16,623
School administration	2,428
Pupil transportation services	56,526

Total governmental activities depreciation expense \$ 75,577

3 DUE TO THE SCHOOL BOARD

The amount due to the School Board as of June 30, 2018 of \$656,499 is comprised of \$511,403 in payroll expenses/expenditures paid by the School Board on behalf of the School and \$145,096 in other expenses/expenditures.

NOTES TO FINANCIAL STATEMENTS (continued)

4 COMMITMENTS AND CONTINGENT LIABILITIES

Grants

The School participates in state and federal grant programs, which are governed by various rules and regulations of the grantor agencies. Costs charged to the respective grant programs are subject to audit and adjustment by the grantor agencies; therefore, to the extent that the School has not complied with the rules and regulations governing the grants, refunds of any money received may be required and the collectibility of any related receivable as of June 30, 2018 may be impaired. In the opinion of the School, there are no significant contingent liabilities relating to compliance with the rules and regulations governing the respective grants; therefore, no provision has been recorded in the accompanying financial statements for such contingencies.

Legal Matters

In the normal course of conducting its operations, the School occasionally becomes party to various legal actions and proceedings. In the opinion of management, the ultimate resolution of such legal matters will not have a significant adverse effect on the accompanying financial statements.

Risk Management Program

Workers' compensation coverage, health and hospitalization, general liability, professional liability and property coverage are being provided through purchased commercial insurance with minimum deductibles for each line of coverage. Settled claims resulting from these risks have not historically exceeded commercial coverage.

NOTES TO FINANCIAL STATEMENTS (continued)

5 LONG-TERM DEBT

Long-term activity for the year ended June 30, 2018 was as follows:

		eginning Balance						Ending	Dι	ue Within
	(as	as restated) Increases		Decreases		Balance		One Year		
Governmental activities:										
Compensated absences	\$	209,979	\$	28,290	\$	_	\$	238,269	\$	238,269
Notes payable		275,265		-		(130,025)		145,240		124,580
Capital lease obligation		-		35,570		(2,018)		33,552		6,237
Other long-term liabilities		51,691		-		-		51,691		12,923
Net pension liability		2,888,288				(155,442)		2,732,846		-
Other post employment										
benefits obligation		299,322		36,301		_		335,623		-
Governmental activities,										
long-term liabilities	\$	3,724,545	\$	100,161	\$	(287,485)	\$	3,537,221	\$	382,009

Notes Payable

Note payable to a finance company; principal and interest of \$9,763 due monthly at 3.65%; maturity date of August 2019; secured by five school buses.	\$ 135,207
Note payable to a bank; principal and interest of \$1,688 due monthly at 3.295%; maturity date of December 2018; secured by	
one school bus.	 10,033
Total long-term debt	145,240
Less amount due or payable within one year	 (124,580)
Amount due or payable after one year	\$ 20,660

Future debt service requirements related to notes payable are as follows:

Year Ending .	Ending June 30,		Principal		nterest	Total
2019		\$	124,580	\$	3,063	\$ 127,643
2020			20,660		84	20,744
	Total	\$	145,240	\$	3,147	\$ 148,387

Interest paid during the year ended June 30, 2018 totaled approximately \$8,000.

NOTES TO FINANCIAL STATEMENTS (continued)

Capital Lease Obligation

The School leases a portion of its equipment under a lease agreement that is classified as a capital lease. The capital lease requires monthly payments of principal and interest at 4.5%. The economic substance of the lease is that the School is financing the acquisition of the assets through the lease, and, accordingly, they are recorded in the School's statement of net position.

Leased assets as of June 30, 2018 consist of the following:

	Governmental Activities		
Furniture, fixtures and equipment Less accumulated depreciation	\$	35,570 (1,694)	
	\$	33,876	

Future debt service requirements related to capital leases are as follows:

Year Ended June 30,	Principal		ipalInterest		Total	
2019	\$	6,237	\$	1,382	\$	7,619
2020		6,524		1,096		7,620
2021		6,824		796		7,620
2022		7,137		483		7,620
2023		6,830		155_		6,985
	\$	33,552	\$	3,912	\$	37,464

Other Long-Term Liabilities

In February 2013, the School entered into an agreement to repay the School Board for the purchase of a VoIP phone system in 5 annual installments of \$12,923 at zero percent interest. The remaining balance due at year-end was \$51,691, which is classified as a long-term liability in the statement of net position.

NOTES TO FINANCIAL STATEMENTS (continued)

6 PENSION PLANS

Pension Plan Descriptions

The Florida Department of Management Services, Division of Retirement ("Division"), is part of the primary government of the State of Florida and is responsible for administering the Florida Retirement System Pension Plan and Other State-Administered Systems ("System"). The School participates in two defined benefit plans administered by the Division. The Division issued a publicly-available, audited comprehensive annual financial report ("CAFR") on behalf of the System that includes financial statements, notes and required supplementary information for each of the pension plans. Detailed information about the plans is provided in the CAFR which is available online or by contacting the Division.

The Florida Retirement System ("FRS") Pension Plan is a cost-sharing, multiple-employer qualified defined benefit pension plan with a Deferred Retirement Option Program ("DROP") available for eligible employees. The FRS was established and is administered in accordance with Chapter 121, Florida Statutes. The Florida Legislature establishes and amends the contribution requirements and benefit terms of the FRS Pension Plan. Retirees receive a lifetime pension benefit with joint and survivor payment options. FRS membership is compulsory for employees filling regularly established positions in a state agency, county agency, state university, state community college, or district school board, unless restricted from FRS membership under sections 121.053 and 121.122, Florida Statutes, or allowed to participate in a non-integrated defined contribution plan in lieu of FRS membership. Participation by cities, municipalities, special districts, charter schools and metropolitan planning organizations is optional.

The Retiree Health Insurance Subsidy ("HIS") Program is a cost-sharing, multiple-employer defined benefit pension plan established and administered in accordance with section 112.363, Florida Statutes. The Florida Legislature establishes and amends the contribution requirements and benefit terms of the HIS Program. The benefit is a monthly payment to assist retirees of the state-administered retirement systems in paying their health insurance costs. For the fiscal year ended June 30, 2017, eligible retirees and beneficiaries received a monthly HIS payment equal to the number of years of service credited at retirement multiplied by \$5. The minimum payment is \$30 and the maximum payment is \$150 per month, pursuant to section 112.363, Florida Statutes. To be eligible to receive a HIS benefit, a retiree under one of the state-administered retirement systems must provide proof of eligible health insurance coverage, which may include Medicare.

Employee contributions required pursuant to section 121.71(3), Florida Statutes, are accounted for by the FRS as employer-paid employee contributions and are treated as employer contributions under 26 U.S.C. s. 414(h)(2) allowing these contributions to be deducted on a pretax basis. Pension expense reported by the School does not include these amounts.

Total employer contributions are determined on a uniform basis (blended rate) as required by Part III of Chapter 121, Florida Statutes. Employer contributions reflected in the financial statements represent contributions specific to each defined benefit plan and do not equal total blended contributions remitted by the employer.

NOTES TO FINANCIAL STATEMENTS (continued)

Contribution rates were as follows:

	Percent of Gross Salary			
Class or Plan	Employee	Employer (A)		
Florida Retirement System, Regular	3%	7.92%		
Florida Retirement System, Reemployed Retiree	(B)	(B)		

- (A) Employer rates include 1.66% for the Retiree Health Insurance Subsidy and 0.06% for administration of the Florida Retirement System Investment Plan and provision of educational tools for both plans, and any applicable unfunded actuarial liability rates.
- (B) Contribution rates are dependent upon the retirement class in which reemployed.

Information About the Employer's Proportionate Share of the Collective Net Pension Liability

Assumptions and Other Inputs

Actuarial assumptions for both cost-sharing defined benefit plans are reviewed annually by the Florida Retirement System Actuarial Assumptions Conference. The FRS Pension Plan has a valuation performed annually. The HIS Program has a valuation performed biennially that is updated for GASB reporting in the year a valuation is not performed. The most recent experience study for the FRS Pension Plan was completed in 2014 for the period July 1, 2008, through June 30, 2013. Because the HIS Program is funded on a pay-as-you-go basis, no experience study has been completed for that program. The actuarial assumptions that determined the total pension liability for the HIS Program were based on certain results of the most recent experience study for the FRS Pension Plan.

The total pension liability for each cost-sharing defined benefit plan was determined using the individual entry age actuarial cost method. Inflation increases for both plans is assumed at 2.60%. Payroll growth, including inflation, for both plans is assumed at 3.25%. Both the discount rate and the long-term expected rate of return used for FRS Pension Plan investments is 7.10%. The plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculating the total pension liability is equal to the long-term expected rate of return.

Because the HIS Program uses a pay-as-you-go funding structure, a municipal bond rate of 3.58% was used to determine the total pension liability for the program (Bond Buyer General Obligation 20-Bond Municipal Bond Index). Mortality assumptions for both plans were based on the Generational RP-2000 with Projection Scale BB tables.

The following changes in actuarial assumptions occurred in 2017:

• FRS: The long-term expected rate of return was decreased from 7.60% to 7.10%, and the active member mortality assumption was updated.

NOTES TO FINANCIAL STATEMENTS (continued)

• HIS: The municipal rate used to determine total pension liability was increased from 2.85% to 3.58%.

The following tables demonstrate the sensitivity of the net pension liability to changes in the discount rate. The sensitivity analysis shows the impact to the collective net pension liability if the discount rate was 1% lower or 1% higher than the current discount rate as of June 30, 2017:

	roportionate Sh t Pension Liabi			Proportionate S et Pension Liab	
1%	Current Discount	1%	1%	Current Discount	1%
Decrease	Rate	<u>Increase</u>	<u>Decrease</u>	Rate	Increase
6.10%	7.10%	8.10%	2.58%	3.58%	4.58%
\$ 3,262,269	\$ 1,802,419	\$ 590,408	\$ 1,061,741	\$ 930,427	\$ 821,050

The Pension Plans' Fiduciary Net Positions

Detailed information about the pension plans' fiduciary net positions are available in the System's separately issued CAFR. The components of the collective net pension liability of the participating employers for each defined benefit plan for the measurement date of June 30, 2017, are shown below (in thousands):

	FRS	HIS
Total pension liability	\$ 183,632,592	\$ 10,870,772
Plan fiduciary net position	(154,053,263)	(178,311)
Net pension liability	\$ 29,579,329	\$ 10,692,461
Plan fiduciary net position as a percentage	00.000/	4.040/
of the total pension liability	83.89%	1.64%

The total pension liability for the FRS Pension Plan was determined by the plan's actuary and reported in the plan's valuations dated July 1, 2017. The fiduciary net position used by the actuary to determine the net pension liability (as shown above) was determined on the same basis used by the plan. Update procedures were not used.

The HIS actuarial valuation was prepared as of July 1, 2016, and update procedures were used to determine liabilities as of June 30, 2017. The fiduciary net position used by the actuary to determine the net pension liability (as shown above) was determined on the same basis used by the plan.

NOTES TO FINANCIAL STATEMENTS (continued)

<u>Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions</u>

As of June 30, 2018, the School reported a liability of \$2,732,846 for its proportionate share of the net pension liabilities. The School's proportionate share was calculated using accrued retirement contributions related to the reporting periods included in the System's fiscal years ending June 30, 2013 through June 30, 2017 for employers that were members of the FRS and HIS during those fiscal years. The proportion calculated based on contributions for each of the fiscal years was applied to the net pension liability and other pension amounts applicable to that fiscal year to determine the School's proportionate share of the liability, deferred outflows of resources, deferred inflows of resources and associated pension expense. The School's proportions are as follows:

	FRS	HIS
June 30, 2017	0.0061%	0.0087%
June 30, 2016	0.0069%	0.0099%
Change	-0.0008%	-0.0012%

In accordance with GASB 68, paragraphs 54 and 71, changes in the School's proportionate share of the net pension liability are recognized in pension expense in the current measurement period, except as indicated below. For each of the following, a portion is recognized in pension expense in the current reporting period, and the balance is amortized as deferred outflows or deferred inflows of resources using a systematic and rational method over a closed period, as defined below:

- Differences between expected and actual experience with regard to economic and demographic factors – amortized over the average expected remaining service life of all employees that are provided with pensions through the pension plan (active and inactive employees).
- Changes of assumptions or other inputs amortized over the average expected remaining service life of all employees that are provided with pensions through the pension plan (active and inactive employees).
- Changes in proportion and differences between contributions and proportionate share of contributions – amortized over the average expected remaining service life of all employees that are provided with pensions through the pension plan (active and inactive employees).
- Differences between expected and actual earnings on pension plan investments amortized over five years.

Employer contributions to the pension plans from the School are not included in collective pension expense; however, employee contributions are used to reduce pension expense. The average expected remaining service life of all employees provided with pensions through the pension plans as of June 30, 2017, was 6.4 years for FRS and 7.2 years for HIS.

NOTES TO FINANCIAL STATEMENTS (continued)

For the year ended June 30, 2018, the School recognized pension expense of \$120,045. As of June 30, 2018, the School reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources		Deferred Inflows of Resources	
Differences between expected and actual experience	\$	165,419	\$	11,921
Changes of assumptions		736,526		80,455
Net differences between projected and actual earnings on pension plan investments		516		44,668
Changes in proportion and differences between School contributions and proportionate share of contributions		46,246		28,899
School contributions subsequent to the measurement date		212,639		
Total	\$	1,161,346	\$	165,943

Deferred outflows of resources related to the School's contributions paid subsequent to the measurement date and prior to the School's fiscal year end will be recognized as a reduction of the net pension liability in the subsequent reporting period. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension expense will be recognized as follows:

_	 	period	
_	mina	norion	

June 30:	Amount
2019	\$ 116,124
2020	268,699
2021	194,975
2022	52,806
2023	125,339
Thereafter	24.821

NOTES TO FINANCIAL STATEMENTS (continued)

7 POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB)

General Information about the OPEB Plan

Plan Description

The Postemployment Health Care Plan is a single-employer defined benefit plan administered by the School Board for which employees of the School may participate. Pursuant to the provisions of Section 112.0801, Florida Statutes, former employees who retire from the School or School Board are eligible to participate in the School Board's self-insured health and hospitalization plan for medical and prescription drug coverages. The School Board subsidizes the premium rates paid by retirees by allowing them to participate in the plan at blended group (implicitly subsidized) premium rates for both active and retired employees. These rates provide an implicit subsidy for retirees because, on an actuarial basis, their current and future claims are expected to result in higher costs to the plan on average than those of active employees. The Postemployment Health Care Plan does not issue a stand-alone report and is not included in the report of a Public Employee Retirement System or another entity. No assets are accumulated in a trust that meets the criteria in paragraph 4 of Statement 75.

Employees Covered by Benefit Terms

As of June 30, 2018, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving	
benefit payments	5
Active employees	60
Total	65

Total OPEB Liability

The School's total OPEB liability of \$335,623 was measured as of June 30, 2017, and was determined by an actuarial valuation as of that date.

Actuarial Assumptions and Other Inputs

The total OPEB liability in the June 30, 2017 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.5%
Salary increases	Salary increase rates used in the July 1, 2016 actuarial valuation of the Florida Retirement System; 3.7% - 7.8%, including inflation.
Discount rate	3.56%

NOTES TO FINANCIAL STATEMENTS (continued)

Healthcare cost trend rates	7.0% for 2017, decreasing 0.5% per year to an ultimate rate of 4.24% plus 0.55% increase for excise taxes
Retirement age	Retirement rates used in the July 1, 2016 actuarial valuation of the Florida Retirement System. They are based on the results of a statewide experience study covering the period 2008 through 2013.
Mortality	Mortality tables used in the July 1, 2016 actuarial valuation of the Florida Retirement System. They are based on the results of a statewide experience study covering the period 2008 through 2013.

The discount rate was based on the municipal bond rate of 3.56% (based on the daily rate of Fidelity's "20-Year Municipal GO AA Index" closest to but not later than the measurement date).

The actuarial assumptions used in the June 30, 2017 valuation were the same as those employed in the July 1, 2016 actuarial valuation of the FRS Pension Plan. These demographic assumptions were developed by FRS from an actuarial experience study, and therefore are appropriate for use in the OPEB actuarial valuation. These include assumed rates of future termination, mortality, disability, and retirement. In addition, salary increase assumptions (for development of the pattern of the Normal Cost increases) were the same as those used in the July 1, 2016 actuarial valuation of FRS Pension Plan. Assumptions used in valuation of benefits for participants of the FRS Investment Plan are the same as for similarly situated participants of the FRS Pension Plan.

Changes in the Total OPEB Liability

The following table shows the School's annual allocated OPEB cost for the year, the amount actually contributed to the plan, and changes in the School's net OPEB obligation:

	 mounts
Balance at 6/30/17, as restated	\$ 299,322
Service cost	70,252
Interest	10,446
Changes of benefit terms	-
Differences between expected and actual experience	-
Changes in assumptions of other inputs	(20,744)
Benefit payments	 (23,653)
Net Changes	 36,301
Balance at 6/30/2018	\$ 335,623

Changes in assumptions and other inputs include the change in the discount rate from 2.92% as of the beginning of the measurement period to 3.56% as of June 30, 2017.

NOTES TO FINANCIAL STATEMENTS (continued)

Sensitivity of the Total OPEB Liability to Changes in the Discount Rate

The following presents the total OPEB liability of the School, as well as what the School's total OPEB liability would be if it were calculated using a discount rate that is 1% lower or 1% higher than the current discount rate:

School's Proportionate Share of

	OPEB Liability										
		(Current		_						
	1%		iscount		1%						
D	ecrease		Rate	li	ncrease						
	2.56%		3.56%		4.56%						
\$	368,699	\$	335,623	\$	306,221						

Sensitivity of the Total OPEB Liability to Changes in the Healthcare Cost Trend Rates

The following presents the total OPEB liability of the School, as well as what the School's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1% lower or 1% higher than the current healthcare cost trend rates:

School's Proportionate Share of Healthcare Cost Trend Rates

1%				1%
Decrease			li	ncrease
(6.0% down	(7.	0% down	(8.	0% down
to 3.24%)	to	4.24%)	to	5.24%)
\$ 299,333	\$	335,623	\$	379,358

NOTES TO FINANCIAL STATEMENTS (continued)

OPEB Expense, Deferred Outflows of Resources and Deferred Inflows of Resources

Deferred outflows of resources related to the School's benefits paid subsequent to the measurement date and prior to the School's fiscal year end will be recognized as a reduction of the other postemployment benefits obligation in the reporting period ending June 30, 2019. Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Reporting Period Ended

June 30:	A	mount
2019	\$	(1,903)
2020		(1,903)
2021		(1,903)
2022		(1,903)
2023		(1,903)
Thereafter		(9,325)

8 RESTRICTED NET POSITION AND FUND BALANCE

Restricted net position and fund balance represents amounts that have been collected or received by the School for specific purposes and are restricted as to the use of such funds. Included in restricted net position and fund balance is \$30,000 held for terminal leave reserve.

NOTES TO FINANCIAL STATEMENTS (continued)

9 SCHEDULE OF STATE AND LOCAL REVENUE SOURCES

The following is a schedule of state and local revenue sources and amounts:

District School Board of Lake County, Florida:	
Florida Education Finance Program	\$ 2,544,712
Class size reduction	677,351
Discretionary local effort	203,145
Transportation	172,931
ESE guaranteed allocation	155,924
Supplemental academic instruction	136,159
Discretionary millage funds	79,538
School recognition	58,595
Instructional materials	46,368
Best and brightest	36,888
Reading allocation	25,433
Digital classroom allocation	16,067
Safe schools	12,149
Teacher lead	10,780
Discretionary lottery funds	1,002
Other	676
Total	\$ 4,177,718

The administration fee paid to the School Board during the year ended June 30, 2018 totaled approximately \$87,000, which is included in general administration expense/expenditure in the accompanying financial statements.

10 CAMPUS FACILITY

Title to the school building and facilities and other capital assets acquired prior to July 1, 1998 remains with the School Board. Florida Statutes provide that the use of the school building and facilities be furnished to charter schools on the same basis as made available to other public schools in the district. No rental or leasing fee may be charged by the district school board to the charter school or to the parents and teachers who organize the charter school. In management's opinion, the value of facilities utilized by the School is significant; therefore, any substantial changes in Florida Statutes related to facilities use by conversion schools could have a material effect on the School's operations.

NOTE TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

FOR THE YEAR ENDED JUNE 30, 2018

1 SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

The accompanying schedule of expenditures of federal awards includes the federal grant activity of the School and is presented on the accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (the Uniform Guidance).

For the year ended June 30, 2018, the School did not elect to use the 10% de minimis indirect cost rate.

Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

To the Board of Directors of Spring Creek Charter School, Inc., a Charter School and Component Unit of the District School Board of Lake County, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund and the aggregate remaining fund information of Spring Creek Charter School, Inc., (the "School"), a charter school and component unit of the District School Board of Lake County, Florida, as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the School's basic financial statements, and have issued our report thereon dated November _____, 2018.

INTERNAL CONTROL OVER FINANCIAL REPORTING

In planning and performing our audit of the financial statements, we considered the School's internal control over financial reporting ("internal control") to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control. Accordingly, we do not express an opinion on the effectiveness of the School's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

To the Board of Directors of Spring Creek Charter School, Inc., a Charter School and Component Unit of the District School Board of Lake County, Florida Page 2

COMPLIANCE AND OTHER MATTERS

As part of obtaining reasonable assurance about whether the School's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

PURPOSE OF THIS REPORT

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Winter Park, Florida November , 2018

Independent Auditor's Report on Compliance for Each Major Program and on Internal Control Over Compliance Required by the Uniform Guidance

To the Board of Directors of Spring Creek Charter School, Inc., a Charter School and Component Unit of the District School Board of Lake County, Florida

REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM

We have audited Spring Creek Charter School, Inc.'s, (the "School") compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the School's major federal programs for the year ended June 30, 2018. The School's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the School's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance"). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the School's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the School's compliance.

Opinion on Each Major Federal Program

In our opinion, the School complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2018.

To the Board of Directors of Spring Creek Charter School, Inc., a Charter School and Component Unit of the District School Board of Lake County, Florida Page 2

REPORT ON INTERNAL CONTROL OVER COMPLIANCE

Management of the School is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the School's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the School's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

PURPOSE OF THIS REPORT

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Winter Park, Florida November ___, 2018

SCHEDULE OF FINDINGS AND QUESTIONED COSTS

FOR THE YEAR ENDED JUNE 30, 2018

SECTION I - SUMMARY OF AUDITOR'S RESULTS

Financial Statements

Type of auditor's report issued:

Unmodified

Internal control over financial reporting:

Material weaknesses identified?

Significant deficiencies identified that are not considered

to be material weaknesses?

None reported

Noncompliance material to financial statements noted?

Federal Awards

Internal control over each major program:

Material weaknesses identified?

Significant deficiencies identified that are not considered

to be material weaknesses?

None reported

Type of auditor's report issued on compliance for each major program: Unmodified

Any audit findings disclosed that are required to be reported in

accordance with the Uniform Guidance?

Identification of major federal programs:

CFDA Number	Grant Period	Name of Federal Program	
10.553 10.555 10.555	7/1/17 - 6/30/18 7/1/17 - 6/30/18 7/1/17 - 6/30/18	School Breakfast Program National School Lunch Program After School Snack Program	
Dollar threshold used to distinguish between type A and type B programs: \$750,000			
Auditee qualified as a low-risk auditee?		No	

SECTION II - FINANCIAL STATEMENT FINDINGS

None

SCHEDULE OF FINDINGS AND QUESTIONED COSTS (continued)

SECTION III - FEDERAL AWARD FINDINGS AND QUESTIONED COSTS

None

SECTION IV - STATUS OF PRIOR YEAR AUDIT FINDINGS

The prior year audit was not required to be conducted in accordance with the Uniform Guidance; therefore, there were no prior year audit findings.

ADDITIONAL INFORMATION REQUIRED BY RULES OF THE AUDITOR GENERAL, CHAPTER 10.850

To the Board of Directors of Spring Creek Charter School, Inc., a Charter School and Component Unit of the District School Board of Lake County, Florida

REPORT ON THE FINANCIAL STATEMENTS

We have audited the financial statements of the governmental activities, each major fund and the aggregate remaining fund information of Spring Creek Charter School, Inc. (the "School"), a charter technical career center and component unit of the District School Board of Lake County, Florida, as of and for the year ended June 30, 2018, and have issued our report thereon dated November ____, 2018.

AUDITOR'S RESPONSIBILITY

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards ("Uniform Guidance"); and Chapter 10.850, Rules of the Auditor General.

OTHER REPORTING REQUIREMENTS

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*, Independent Auditor's Report on Compliance for Each Major Federal Program and Report on Internal Control over Compliance, and Schedule of Findings and Questioned Costs. Disclosures in those reports and schedule, which are dated November ____, 2018, should be considered in conjunction with this management letter.

PRIOR AUDIT FINDINGS

Section 10.854(1)(e)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no findings or recommendations in the preceding annual financial audit report.

OFFICIAL TITLE

Section 10.854(1)(e)5., Rules of the Auditor General, requires the name or official title of the entity be disclosed in this management letter. The official title of the entity is Spring Creek Charter School, Inc.

FINANCIAL CONDITION AND MANAGEMENT

Sections 10.854(1)(e)2. and 10.855(11), Rules of the Auditor General, require us to apply appropriate procedures and communicate whether or not the School has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific conditions met. In connection with our audit, we determined that the

To the Board of Directors of Spring Creek Charter School, Inc., a Charter School and Component Unit of the District School Board of Lake County, Florida Page 2

School did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.854(1)(e)6.a. and 10.855(12), Rules of the Auditor General, we applied financial condition assessment procedures for the School. It is management's responsibility to monitor the School's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Section 10.854(1)(e)3., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

TRANSPARENCY

Sections 10.854(1)(e)7. and 10.855(13), Rules of the Auditor General, require us to apply appropriate procedures and communicate the results of our determination as to whether the School maintains on its website the information specified in Section 1002.33(9)(p), Florida Statutes. In connection with our audit, we determined that the School maintained on its website the information specified in Section 1002.33(9)(p), Florida Statutes.

ADDITIONAL MATTERS

Section 10.854(1)(e)4., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

PURPOSE OF THIS LETTER

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Board of Directors, applicable management, and the District School Board of Lake County, Florida and is not intended to be, and should not be, used by anyone other than these specified parties.
